Scheme of Delegation

The primary purpose of this document is to inform those involved with the governance of the academy trust those powers and functions which are reserved to the Trust Board, and which are delegated elsewhere.

The Company has two layers of corporate governance as set out in the Articles of Association:

Members
The Members of the trust subscribed to the Memorandum and Articles of Association and are guardians of the governance of the Trust. They perform the functions shareholders would in a company, although this is not a profit making company. The articles of association describe how Members are recruited and determine how many of the Trustees the Members can appoint to the Trust Board. The Members appoint Trustees to ensure that the Trust's charitable object is carried out and can remove Trustees if they fail to fulfil this responsibility. Accordingly, the Trust Board submits an annual report on the performance of the trust to the Members. Members are also responsible for approving any amendments made to the Trust's articles of association.

Trustees
The MAT is a charitable company and so Trustees are both charity Trustees (within the terms of section 177(1) of the Charities Act 2011) and Company Directors. To ensure ease of reference, they will always be referred to as Trustees.
The Trustees are responsible for the general control and management of the administration of the Trust, and in accordance with the provisions set out in the memorandum and articles of association and its funding agreement, it is legally responsible and accountable for all statutory functions and for the performance of all schools within the Trust.

The Board of Trustees is supported by three committees – Finance, Audit and Risk, Performance and Standards Committee and Pay Review Committee – to carry out some of its governance functions which will include making decisions, although any decisions made will be deemed decisions of the Trust Board. Trustees make up the membership of these committees, with advice and input from the Executive Team which includes Co-Executive Leaders (SEL), Safeguarding & Pastoral Lead and School Improvement Leads. Committees may co-opt governors from Local Governing Bodies or from the community with strong and relevant skills, providing the majority of members are trustees.

Trustees, in addition, must carry out the three core governance functions:

1. Ensure clarity of vision, ethos and strategic direction.
2. Hold the Co-SELs, head teachers and senior leaders to account for the educational performance of the Trust's schools and their pupils, and the performance management of staff.
3. Oversee the financial performance of the Trust and make sure its money is well spent.

Local Governing Boards
In accordance with the principle that effective governance is best delivered as close as possible to the point of impact of decisions, the Company has a third tier of governance in the form of Local Governing Boards. Local Governing Boards are essentially committees of the Board with powers delegated to them in accordance with this Scheme of Delegation, which include:

- Setting the vision, values and strategic aims of the school, in line with the overall trust vision.

- Developing the budget plan for the academy.

- Monitoring and reviewing school expenditure.

- Ensuring appropriate risk assessments are in place for the school.

- Challenging attainment and progress across a healthy curriculum.

- Ensuring implementation of policies and procedures and evaluating impact of those policies to report to trustees.

- Engaging with stakeholders.

- Reporting to the Trust Board.

Executive Team
The performance and governance of the company is supported by an Executive Leadership Team.

- Co – Senior Executive Leader (SEL) & School Improvement Leader – Patsy Petrie
- Co – Senior Executive Leader (SEL) & Chief Accounting Officer (CAO) – Jason Murgatroyd
- Safeguarding & Pastoral lead – Sandra Marsden
- Head Teacher Caedmon Primary – Sarah Hill

The Trust has established a central team which will be responsible for the day to day operations of the trust. In addition, one of the Co – SELs is the Accounting Officer so has overall responsibility for the operation of the Academy Trust's financial responsibilities and must ensure that the organisation is run with financial effectiveness and stability; avoiding waste and securing value for money.

The Board will delegate functions appropriate to the roles within the Executive Team. They will remain accountable to the Trust Board for their individual performance and the performance of the Trust. They will meet regularly and accept responsibility for operational tasks delegated in order to drive forward school improvement.

Academy Head Teacher

The Academy Headteacher is responsible for the day-to-day management of the school and reports to the Board of Trustees and Local Governing Board on matters which have been delegated to it in regard to both function and accountability.

In determining this Scheme, the Trustees have been mindful that the Board of Trustees is ultimately accountable for the way in which the schools are managed by the MAT and as such must be satisfied that:

- Delegation takes place only where appropriate and that it receives appropriate reports on matters delegated by it/actions taken in its name to enable appropriate oversight

- There are some areas where it makes sense for matters to be dealt with centrally, rather than by individual academies. It is hoped that this will reduce the burden on the individual school, which already have a heavy workload, and in appropriate cases achieve economies of scale.

- The Board cannot take all decisions itself, and in making decisions that the Board reserves for itself, it will often be reliant on information and advice from and be guided (as appropriate) by its committees, the school LGBs and others operating at school level.

- The Scheme should not be confused with the written scheme of delegation of financial powers referred to in the Academies Financial Handbook, which is a separate document.

The Scheme will be reviewed by trustees each year and may only be altered or revoked by the trustees. Trustees have the absolute discretion to review, amend, and/or terminate the Scheme at any time and as it sees fit. It does not contain details of every

decision/responsibility or every aspect that will be delegated. The content will be supplemented by the Trust's strategic plans, policies and procedures and any direction given or rules and directions agreed or issued by the Members or the Board of Trustees. In the event that there is uncertainty as to which tier of governance has responsibility for a particular matter, guidance should be sought from the Chair of the Trust. It should also be made clear that alternative schemes of delegation may be adopted for schools which are performing less than well or where there are other concerns around the leadership or governance of the school.

There will be standard practice across the trust, which includes:

- Safeguarding practice and policy

- School self-evaluation and school improvement

- SEND practice and policy

- The pupil premium report, strategy and policy

We will also be working towards creating standard practice in other areas, which includes:

- Common reporting

- Staff performance

- Assessment framework
